

Profile

I am Hinal Rami. I want to find an internship to gain hands-on experience in building websites. I enjoy learning new skills and creating user-friendly web pages. I am excited to work with a team and take on new challenges. I'm ready to contribute and grow as a web developer.

Skills

Programming Languages

- C, C++, Python, Java, PHP, Linux

Web Development

- HTML, JavaScript, CSS

Languages Known

- English, Gujarati, Hindi

DevOps Training

Currently training at DevOps TechLab, Ahmedabad, gaining hands-on experience in cloud computing, automation, Linux, and essential DevOps tools and practices.

Hinal Rami

WEB DEVELOPMENT

Academic Projects

Green Heaven Website

- Developed a responsive e-commerce website for selling plants with product listings, shopping cart, and secure checkout using HTML, CSS, JavaScript, and basic backend integration at Aarnik Technology.

Text and Caption Generation

- Developed an AI-powered project that generates text and captions from user-provided keywords, utilizing natural language processing techniques to create relevant and engaging content automatically.

Medical Diagnosis System

Using Fuzzy Logic

- Developed an intelligent medical diagnosis system that leverages fuzzy logic to analyze patient symptoms and provide accurate diagnostic suggestions for several diseases such like Heart disease, Diabetes, Thyroid, PCOD, Anxiety. It makes predictions based on given dataset.

Educational

Bachelor of Science in Information Technology

- K.S. School of Business Management and Information Technology
- Graduated with 4.12 cgpa
- June, 2021 - May, 2024
